NEW RECORD PRICE SET FOR COAL TOKEN:

During the Mini-Auction at the Bluefield National Convention, a new record for a single coal token was established when the Crescent Salt & Coal Co., West Columbia (WV) from the estate of Fred Lange sold for \$650.00. This embossed shell card was purchased by a partnership venture of Tom Hitt and Jerome Schaeper.

The token obverse reads: "CRESCENT/ COAL & SALT CO/ 10 CENTS/ WEST COLUMBIA". The reverse wording is: "REDEEMABLE/ IN/ MDSE. ONLY/ AT THE/ STORE OF THE CO.". West Columbia was located in Mason County, West Va. on the Ohio River opposite Pomeroy, Ohio.

Evidence to date the token before 1870 (when shell cards were last made) was obtained from the old Bradstreet mercantile listings for West Virginia. The 1870 issue lists a West Columbia Coal and Salt Company and a population of only 200. No listing can be found for Crescent after 1870 and this company is believed to be the predecessor of West Columbia Coal and Salt.

M. L. DURBIN AND CO. IS COAL:

Scriptors attending the Bluefield meeting were advised that sworn affidavits have been forwarded to Don Edkins attesting to M. L. Durbin & Co., Heidelberg, Ky. being coal scrip. The son of M. L. Durbin presented information on the small mine and the use of scrip in the affidavit. This evidence ends a long search for information on this token and will certainly be welcome news to collectors who own a set of this company.

REFLECTIONS ON MAY '81 MEETING:

Those of you who were within travelin distance of Bluefield, W.Va. and did not make the meeting missed one of the most outstanding meetings we have had.

A total of 129 people registered for

the two day affair. This included 63 members, many of whom brought their wives. About 26 members utilized the display and trading tables.

An excellent Dutch Dinner was enjoyed by almost 50 people Friday night, followed by an auction of 40 lots of scrip. NSCA realized \$222.00 in commissions from the auction. This was more than enough to cover the expenses of the convention, and enables us to provide FREE registration and FREE trading tables for members.

The success of the meeting is due in a large part to Fred Duff's selection of the Sheraton Motor Inn, the arrangements he set up, and the publicity he obtained. Thanks, Fred, for all of us who attended !!

The ANCIL DONOHOE AWARD committee - consisting of Fred Lynch, Lloyd Wagaman and J. B. Williams - had a difficult time selecting w winner from six outstanding articles that appeared in SCRIP TALK during the past year. They settled on DICK COY'S interesting and informative article, "THE DEVON CLUB". Second place went to TOM ROBINSON for the "ARKANSAS COAL COMPANIES", and third to LINDSEY LEE for his new column, "THE TEXAS LUMBERMAN REPORTS". There were several other good articles. Thanks to all who have submitted articles during the past year. We hope that you will send us more !!

The MEMBERSHIP AWARD went to TOM HITT who set a new record when he obtained 36 new members. Runner-up was DARRELL CROTTY, and third place went to J. B. WILLIAMS. Altogether we added 144 new members this year. Unfortunately we lost 94 due to failure to pay dues, resignations, and death. Even so, a net gain of 50 is commendable. We ended the year with about 480 paid members. My thanks to all of you who brought us a member.

The recognition for the member who came the longest distance goes to SKIP MYLAR, who drove more than 800 miles from Willsboro, New York, which is almost to the Canadian border. Glad ou could come SKIP. Come back.

Thanks to HAROLD LEE, we again have a special paperweight for the May meeting. It features a crosscut saw in recognition of our lumber token collectors. The die was mad by RAY COBURN and the paperweights by GENTILE GLASS CO. at Morgantown, W.Va. This is the third in the series. The first two are sold out, and only 13 of the 25 made are available from the third one. The price is \$20.00 plus \$2.00 for packing and postage. Send your orders direct to me. They will be filled on a first letter basis.

We also issued a new plastic token for the Bluefield meeting and gave one to each person who signed the attendance register. We also will be presenting one to each new member who joins by the October meeting. We have distributed a total of 166 of the first token from the Beckley meeting, and 140 of the second one from the Richmond, Ky. meeting. All remaining tokens are destroyed in order to assure that the tokens will be collector items.

You will see from the minutes of the meeting that the Executive Committee postponed any discussion of a dues increase until the October 1981 meeting. We also agreed to continue the special membership-book combination, but due to the scarcity of the hard back edition, the offer will be for the loose leaf edition at \$12.00 as long as they last. We also agreed to continue the book bonus for each five new members, but, again, the

THE PRESIDENT'S CORNER (Continued)

bonus will be for the loose leaf edition. We will be carrying over any unused credit earned during the past year and applying it toward a book for the current year..

Progress is being made toward closing out the Second Edition of the EDKINS CATALOG. Don Edkins says that there still are a lot of members who he thinks have unlisted scrip. We want to get these in the next book. So, please look at your scrip and send Don the unlisted pieces or foils from them. If you make foils, Don will need to know the metal. Don's address is shown on the front of this issue of SCRIP TALK..

We have been fortunate to have DAVE SCHENKMAN agree to fill out FRED LANGE'S unexpired term on the Catalog Committee. His experience will be invaluable in helping us get the new book through the printer. The Catalog Committee has \$3,348.50 in the bank for use in publishing the Second Edition.

The FALL MEETING will be at BOONE TAVERN in BERA, KENTUCKY - OCTOBER 2 - 3, 1981. The management is making special arrangements for our meeting and you should find it thoroughly enjoyable. Don't be scared off by the fact that Berea College owns and operates the tavern. They have a modern point of view, although the men will be expected to wear a coat and tie at the evening dinner meal. So make your reservations early and don't forget to note that you will be with the NSCA convention.

The EXECUTIVE COMMITTEE announced a new prestigious award, the FRED H. LANGE OUTSTANDING MEMBER AWARD which may be presented annually to the member who has made significant and outstanding contribution to the growth and development of NSCA over the past ten years. More about this award is included in an article in this issue.

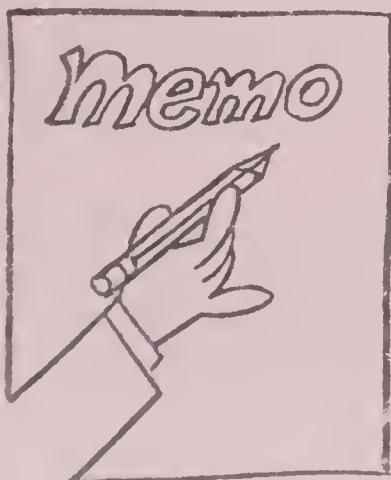

We are pleased that TOM HITT is joining us as a Vice-President. He will have the responsibility for conducting the new member campaign, and we are looking forward to excellent results. We also are glad that CRAWFORD BLAKEMAN and C. W. COLLEY agreed to continue as Vice-Presidents for another term. COLLEY will be handling the meeting site selection, and BLAKEMAN will be providing the meeting programs.

TOM HITT presented a very interesting, informative and provocative topic for the Bluefield program. His subject covered the identification of questionable coal scrip.

The May, 1982 meeting will be the 10TH ANNIVERSARY OF NSCA. We would like to celebrate it in an appropriate fashion. In this regard, we would appreciate suggestions from all members for things to do. If you should have any ideas, send them to me.

In conclusion, I am grateful for the opportunity to serve as your PRESIDENT for another term. I hope that we will be able to accomplish for NSCA the things that you would like to see done during this term. I hope you will let me have your ideas about the continued growth of NSCA.

SECRETARY'S REPORT ::

Unfortunately 94 members who belonged in 1980 elected not to renew for 1981. This large turn over of members (approximately 20%) is not unique in our organization.. TAMS and other hobby groups also report a large lapse each year. We should, however, do everything possible to retain members once they join our group. President Bill will probably have some information to report on this since he has requested each of the 94 to provide him with reasons if they elected to reply to his letter.

For the good news, I am pleased to report that my records indicate 480 have paid for 1981. Since President Bill is also keeping membership records, he will have a report on members in connection with the Membership Contest.

Too, new membership brochures have now been prepared and I urge that you use them in your correspondence with prospective members! They will not be of any help if left in my office!! Use one in every letter that you send to a collector !! Let me know if you need a reasonable amount for distribution!! They cost about 3¢ each so use good judgement in handing them out.

NEW NSCA BROCHURE DEBUTS AT BLUFFIELD CONVENTION

The new NSCA membership recruiting brochure was introduced at the Bluefield meet and is now available for all members!! President Williams cooperated with your Secretary in preparation of this new recruiting aid. If you would like a supply to include with your hobby mail, please address your request to Secretary Walter Caldwell, Box 29, Fayetteville, WV 25840. The revised edition includes info on NSCA - a short history of coal and other tokens - and includes a membership blank! A few coal and lumber tokens are pictured in the new folder. This will certainly prove to be a valuable aid for all those wanting to participate in the new NSCA membership contest !!

Membership in NSCA includes subscription to "SCRIP TALK" official bulletin, which features information on NSCA activities, FREE want ads for regular Mail Auctions, plus other features. Meetings are held in October each year where to trade, buy and conduct the business of the Association. The "Edkins' Company Store Catalog" is sent to members usually a publication for new members. Applications for Caldwell, 29, 109, 111, 113, 115, 117, 119, 121, 123, 125, 127, 129, 131, 133, 135, 137, 139, 141, 143, 145, 147, 149, 151, 153, 155, 157, 159, 161, 163, 165, 167, 169, 171, 173, 175, About the *National Script Collectors Association*

P. O. Box 29
Fayetteville, WV 25840

The NATIONAL SCRIP COLLECTORS ASSOCIATION (NSCA) was founded in 1972 by a group of dedicated coal collectors who previously had been meeting on an informal basis for several years.

Its aims and purposes are: (1) To encourage the collecting of coal company tokens and paper, and (metal and glass) and (2) To cultivate good relations between collectors of scrip and collectors of tokens. To encourage the study of the history of each of the companies as it relates to the tokens.

The NSCA was formed to collect information on tokens. It again aims to cover the collecting and

MY FAVORITE REFERENCE BOOK: We all have a source book for tokens or should have !! My personal 'pride and joy' is the McGRAW HILL COAL MINE DIRECTORY... two pages of which are reproduced below. This particular edition (1930) lists data on 2,880 of the more important coal mining companies in 27 states... A compact 4 $\frac{1}{4}$ x 8 $\frac{1}{4}$ inches, it originally sold for \$25 when issued. I have searched for other copies but have never seen another of this particular size and format.. A search occasionally always turns up new information on companies for me... For example, note on the pages below the listing for Rock Lick Smokeless Coal Co. It notes that the office was in Columbus, Ohio and that mine was at Concho, WV. What was new for me was that "General Stores, Inc." was the company store.. Too, note Sunday Creek Coal Co. I didn't know where the mine was located. The book notes mine locations at six different locations in Ohio... Did you know that? Have you ever seen this size McGraw Hill before ??

The Bluefield Convention has to rank as one of the best in NSCA history...many members attended for the first time... many walk-in visitors came...the hospitality extended by the management of the Sheraton Motor Inn was tops...the meeting room was spacious...members reported lots of buy

and sell activity...one member reported buying \$4000. in scrip tokens...one member noted that he had sold \$3000. in tokens and bought \$1500. in tokens...several displays of coal mine lights attracted lots of attention and some were sold...decals or stickers were much in demand and lots of activity took place in this new collector field...old stock certificates were moving briskly...all in all it was a great meeting!! Members who have never attended should make plans now to attend the Fall 1981 meeting at Boone Lodge at Berea College in Kentucky the first week-end in October. Watch SCRIP TALK for more details...

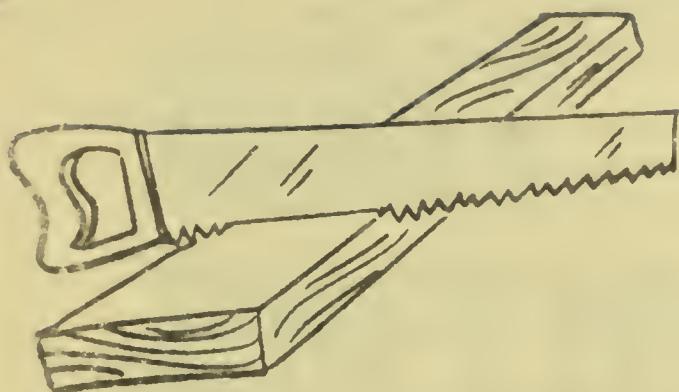

The Mini-Auction held on Friday night in Bluefield brought \$222.00 profit to the club to assist with the convention expenses... The sale of the great shell card coal token from the estate of Fred Lange sold for \$650.00 to top the price ever paid for any coal token (to best of my knowledge)!! Some of the other items sold in the auction were: 1350A25 - W.M. Ritter Lumber for \$31.-- 915A100 - Elmo Mining Company for \$19. -- Black Diamond 5¢ to \$1 from Toner, KY sold for \$33.00 -- A British Columbia coal token sold for \$40.00 -- A set of Superior Supply, Byne Mines, WV 1¢ thru \$1 went for \$55.00 -- Four pieces of Carbonado Washington coal sold for \$32.00-- and a 499A10 Straight Creek Coal piece was grabbed at \$20.00 just to give a few examples...

The new offer by the Executive Committee of one year dues in NSCA and a copy of the loose-leaf Edkins Catalog at only \$12.00 should create a lot of membership activity !! Details on the new membership contest will be carried in a future issue !!

THE TEXAS LUMBERMAN REPORTS

BY: Lindsey S. Lee, 145 Rosine,
Beaumont, Texas 77707

(Comments and questions are invited !!)

CALL, TEXAS (WC Newton County) Named for Dennis Call, a business associate of the founder, George Adams, Sr. Call is located on the Newton-Jasper County line. Cow Creek Tram Co. established the town in 1895 and erected a sawmill which they operated until it was absorbed by Kirby Lumber Company in 1901. The pine mill burned in 1924 and was replaced with a hardwood mill. In 1948 the population was 1,000, but it became a ghost town in 1960.

(Trantow and Texas Trade Token Supplement lists a 5¢ token for Cow Creek Tram Co. at Call, Texas. Kirby Lumber Company operated more than ten mills in East Texas and apparently used tokens interchangeably at most sites. Trantow lists the following tokens for Kirby at their Houston headquarters: Br 5¢, Al 5¢, 10¢ and 50¢. Unlisted 10¢, 50¢ and \$1 cardboard tokens also are known.)

DEWEYVILLE, TEXAS (SE Newton County) Established in 1900 on the Sabine River by Savine Tram Co. at a spot known as Possum Bluff. The mill had a capacity of 150,000 board feet. It was sold to Peary-Moore Lumber Co. in 1919 who operated until 1942 when it was purchased by Kurth Lumber Co. The mill burned in 1943 and was not rebuilt. The population declined from 2000 to 400 in 1948 when a small mill with 30,000 board feet capacity was built by Williams Lumber Company. (No tokens are known for these mills at this town.)

HELBRIG, TEXAS (Jefferson County) The town was established as a siding on the Gulf Colorado and Santa Fe Railroad. It now is within the city limits of Beaumont. The town was named for an auditor of the railroad, named Helbrig. In 1900 when Forest Lumber Co. erected a sawmill, a post office and depot were built. Industrial Lumber Co. purchased the mill in 1903 and moved it to Seale, Louisiana in 1905. (No tokens are known from this town.)

HYATT, TEXAS (SW Tyler County) A sawmill was operated by J. S. and W. M. Rice from 1882 to 1907. (W. M. Rice later was the founder and benefactor of Rice Institute now Rice University, Houston, Texas). The town was named for Captain Hyatt, a close friend of the Rice brothers. The town was abandoned in 1907. The sawmill's daily capacity was 55,000 board feet. It burned in 1892 and was replaced with a 75,000 foot mill. Today a small resort-residential housing development, Lake Hyatt Estates, is located around the old mill pond. (TTT Supplement lists a 5¢ token for J.S. and W.M. Rice at Hyatt, Texas. No other tokens are known.)

LAUREL, TEXAS (Newton County) Laurel was established in 1889 as a logging camp by Sabine Tram Co. It was named for a dense thicket of laurel trees which surrounded the area. Logging was discontinued in 1893 and all facilities, including the post office were moved seven miles northwest. The post office later was returned to the original site in 1895, and the logging operations were moved to Deweyville in 1900. (No tokens known for town.)

LEMONVILLE, TEXAS (W. Orange County) Richard and William Manuel established this town in 1897, and a sawmill was built in 1900 by the Lemonville Lumber Co. with a 30,000 board feet daily capacity. Ownership of the mill changed hands several times. Operating companies included Gilmer Company, Hamburg Lumber Co., and Talbert-Dewey Lumber Co. The sawmill was moved and the town abandoned in 1928 when the timber supply was exhausted. (Trantow lists a 25¢ token for Hamburg Lumber Co. at this location, circa 1905. No other tokens are known.)

THE FRED LANGE OUTSTANDING MEMBER AWARD

On May 8, 1981, the Executive Committee established the Fred Lange Outstanding Member Award to be first presented on the occasion of the 10th Anniversary of NSCA. It was decided to name the award for Fred Lange, who himself made many significant and outstanding contributions to the growth and development of scrip collecting and the NSCA. The criteria for the award is as follows:

"The Fred Lange Outstanding Member Award shall be awarded to the NSCA member who has made significant and outstanding contributions to the growth and development of NSCA over the past ten (10) years.

The member shall be nominated in writing, giving an outline of the member's contribution to NSCA and the reasons for the nomination.

A committee, appointed by the President, consisting of three (3) members, with the President as Chairman, will review the nominations and determine the winner, if any. The award may or may not be presented annually. The committee, at its option, may determine that none of those nominated have made contributions significant enough to warrant the presentation of this prestigious award. The committee also may initiate nominations, if it believes such action to be desirable.

Nominees who are not selected for the award may be resubmitted in subsequent years.

The award shall be presented at the May meeting."

All who joined NSCA during the 1972-1973 year are deemed to have been members for ten (10) years by the date of the May, 1982 meeting. This means all members with membership numbers from 1 to 166 are eligible for the award nomination. We now are accepting nominations. If you know of a member who you think qualifies for the award, write up his accomplishments and send your letter to Bill Williams, President NSCA, PO Box 3015, Oak Ridge, Tenn. 37830.

174. 100 all diff coal & lumber tokens - various denominations - various mfgs. - cuts, etc. You will be pleased or return for refund! Scriptor Darrell Crotty in an unsolicited testimonial stated that his lot contained over 15 pieces that he needed for his collection (and I feel that he has a good one) and that he even found up to Rarity 9 in the lot that he recently won in a bid sale !! This lot is an accumulation of tokens from several recently purchased collections that I do not want to list in individual lots!! As before, start with a MB of \$75.00.

TAKE TIME TO MAIL A BID !! WE MUST HAVE PARTICIPATION FROM MORE MEMBERS TO KEEP THE WHEELS TURNING !! ON TIE LOTS, EARLIEST POSTMARK IS AWARDED THE LOT !! THANKS !!

SALE COMMENTS: SEVERAL COMMENTS WERE HEARD AT BLUEFIELD ABOUT THE HIGH PRICES OF COAL TOKENS !! BUT... if you will check the above lots you will note that many, many went for the minimum bid of \$1.00. A great collection of coal and lumber can be built at a cost of \$1.00 or less per token !! The popular Powhatan set with the Indian picture was the top lot in this sale realizing \$77.65 for seven pieces..The Alpha Pocahontas set was close behind at \$57.65. Those who are taking the time to check the lots against their collections are getting some fine tokens at bargain prices !! What about YOU ??

NEXT SALE: SALE NO. 73 WHICH CLOSES JUNE 30, 1981 FEATURES MORE OF THE GREAT VIRGINIA COLLECTION PLUS A SPECIAL LUMBER TOKEN CONSIGNMENT !! Even though it's the time for summer picnics and vacation trips you would be wise to pick up some of the featured lots at your bid price !! Too, the last few sales have seen fewer bidders for reasons unknown so it's opportunity time for coal and lumber tokens !! Tokens are coming into their own (as we have reminded over the years) as can be witnessed by the LARGE sums paid for the Garrett collection tokens and others offered for sale recently !! In a few years you can look back and say 'The Colonel Was Right'....
